Course: STA Level 2 Award for Fire Marshall Training

Qualification Overview

Fire Marshall is designed to educate learners in fire safety management at work. The qualification covers fire safety inspections, legal requirements relating to fire safety in the workplace and the roles & responsibilities of the fire warden.

This qualification is regulated by Ofqual (England), Qualification Wales (Wales).

This qualification is valid for a period of 3 years. The learner needs to retake the qualification before the certificate expiry date to remain qualified.

Qualification Delivery

The minimum contact teaching time that this qualification should be delivered in is 6 hours (1day) excluding breaks.

The course may be delivered over 1 day but can also be delivered over a maximum of 3 weeks, with the minimum of each training session being 2 hours.

The ratio for this qualification is a maximum of 12 learners to 1 tutor.

Qualification Objectives

Learners who successfully complete this qualification will be able to:

- Understand the hazards and risks associated with fire in the workplace
- Understand how fire risk is controlled in the workplace
- Understand the principles and practice of fire safety management at work
- Understand the role of the nominated fire warden.

Intended Audience

This is designed for supervisors, managers, or anyone with a specific responsibility for workplace fire safety, providing them with a foundation of fire safety knowledge. Once qualified, it will enable the holder to perform the role of fire marshal / fire warden, as well as helping to increase general fire safety awareness in the workplace.

Entry Requirements

Learners must be 16 years of age or above on the first day of the course.

There are no previous qualifications or experience required, however it is advisable that learners have a minimum of level 1 in literacy and numeracy or equivalent.

Qualification Assessment

This qualification is tutor assessed through the completion of a multiple-choice theory assessment paper.

The multiple-choice assessment paper is to be completed independently by each learner and completed in exam conditions, with the tutor or other approved person, acting as the invigilator. Learners must achieve a minimum mark or higher to successfully pass the multi-choice assessment paper.

All learning outcomes and assessment criteria in the units must be achieved in order for the learner to be deemed competent in order to pass the qualification.

Learning Materials

All learners will be provided with:

- STA Fire Marshall resource manual
-
